## Education

- 2018 – now **Bachelor of Technology** VIT Bhopal  
Focus: Computer Science and Engineering.
- 2016 – 2018 High School DAV Rohtak

## Projects

- May 2021 **Backdoor** Group Project  
<https://github.com/BackdoorForum>
  - Newbie friendly cyber security discussion forum where you can find cybersecurity topics and enthusiasts to have discussions.
  - Group project with motive of giving back to community.
  - *TypeScript, ExpressJS, ReactJS, Mongoose, Bcrypt, Tailwind.*
- 2020 – Present **Discord Bots** Personal Project
  - I've made 3 discord bots JSL, Booster Bot & Guess The Number.
  - All bots have over **3.5 Million users** (3,500,000 users) combined.
  - Started as hobby, now loves contributing my part to community.
  - *Discord.js, MongoDB, Lavalink, Postman and APIs like TMDb.*
- 2020 – Present **Web Dashboard for Discord Bots** Personal Project
  - Created websites / web dashboards for discord bots to demonstrate bot's features in web-app form so that users outside discord can also take advantage.
  - *ExpressJS, EJS viewport, Discord OAuth, Steam API, ReactJS.*
- July 2021 **Your Sudoku** Group Project  
<https://github.com/Vspecs/sudoku-visualizer>
  - Gives solutions to your sudoku with backtracking and also lets you solve randomly generated sudokus.
  - *ReactJS, SASS, Backtracking.*
- Dec 2019 – Jan 2020 **Kryptoblaze** Group Project  
<https://abhay07.itch.io/kryptoblaze>
  - 2D Top-Down Shooter Game that we made from scratch.
  - Contributed in UI/UX, characters, animations and leveling system.
  - *Unity, Photoshop, Unity C#.*
- Sept 2019 – Oct 2019 **Mobile Games** Group Project
  - Road Runner: College project on the road safety theme.
  - Tap n' Tap: 2 player competitive and fun game.
  - *Unity, Photoshop, Unity C#.*

## Contributions

- May 2021 **Definitely Typed**  
*In top 10 repos of GitHub, maintained by microsoft*  
Contributed in fixing cookie types in client-sessions package.
- June 2021 **Buttons Pagination Embeds**  
*An NPM Package to help other discord bot developers*  
Uses only discord.js for making discord embeds into pages using buttons for navigation that is compatible with upcoming djs v13.
